What are cookies?

This Cookie Policy explains what cookies are, how we use them, the types of cookies we use (e.g., the information we collect through cookies and how that information is used), and how you can manage your cookie preferences.

Cookies are small text files used to store certain pieces of information. They are saved on your device when a website is loaded in your browser. These cookies help ensure the proper functioning of the website, improve its security, provide a better user experience, and enable us to analyze website performance to identify what works well and what needs improvement.

How do we use cookies?

Like most online services, our website uses both first-party and third-party cookies for various purposes. First-party cookies are essential for the proper functioning of the website and do not collect any personally identifiable information.

The third-party cookies used on our website are primarily intended to help us understand how the website is used, monitor user interactions, protect our services, provide relevant advertising, improve the overall user experience, and make future visits faster and more efficient.

Types of cookies we use

Functional

Functional cookies help perform certain features, such as sharing website content on social media platforms, collecting feedback, and enabling other functionalities provided by third-party services.
